

Environmental Liability Register

Framework: EU Environmental Liability Directive | Date: 2024-09-20

Environmental Impact Log

Register showing corporate clients your commitment to environmental impact reduction and legal liability for materials used on their sites.

Key commitments:

- 1. Pollution risk assessment per visit.
- 2. MSDS/SDS log for each applied product.
- 3. Environmental emergency procedures.

This document supports corporate sustainability audits. Official regulatory requirements may vary by jurisdiction.
