

Green Procurement Policy for Materials

Framework: ISO 20400 Sustainable Procurement | Date: 2024-12-01

Environmental Impact Log

Supplier and product selection criteria — priority for biodegradable, low-toxicity, short-residual, environmentally certified products.

Key commitments:

1. MSDS review before purchase.
2. Prefer OMRI/EU biocide approved.
3. Annual supplier list review.

This document supports corporate sustainability audits. Official regulatory requirements may vary by jurisdiction.
